Week 6 Family Challenge

## Let's Go on an Alphabet Scavenger Hunt

This scavenger hunt can be done inside the home or on a walk through the neighbourhood.

Make your Alphabet List and then set off to find the letters to match.

This is especially fun when walking outdoors because there are so many opportunities to find letters in unexpected places. Street signs, signs for restaurants and stores, even on boxes and windows of houses.

Inside the house you can look through books, boxes and packages in cupboards, even on clothes.

After the letters are found you can start finding objects that start with each letter of the alphabet.

As always we would love to see any pictures of your hunt.
